CHAMPIONSHIP BASKETBALL. University Settlement Beats West Sie

Two games were scheduled in the Metropolitan A. A. U. basketball championship series last night, but only one was played pecause the Atlas A C five which were to meet the Loughlin Lyceum, had three men erry D. Frazer, With 116 Feet 8 over weight and were disqualified. in the played the West Side five off their feet and

and University Settlement fives are tied for the lead and the game between these teams He looked over camping outlits to-morrow night should settle the champion costing was done. Perry D. Frazer made an indoor record in the salmon fly casting con-est with 15 foot rods. He made a cast of til feet 8 inches. G. M. L. LaBranche was second with 113 feet 4 inches and E. J. Mills third with 110 feet.

They made verything their own way in the first half of their game with the West Sides. Except for about five minutes the West Side boys were outclassed. Streusand and Jacobson each netted four baskets in this period, and the other three men on the Settlement team got a hand in the scoring too. Dunseith did the star work for the West Sides, scoring four field goals and one from foul. The score at the end of the half was 30 to 11 in favor of the Settlement players.

player if the matter is brought up to offi-cial headquarters.

This was about the only sensational thing that happened in the last period, except that Barnall got a chance to show his prowess at shooting fouls. Rostinck, the man who took;Brill's place, scored three nice basitets, while Streusand added to his total by getting two more. Otherwise the Sattlement players took things easily. The

Settlement players took things easily. The summary follows:

Their final standing is alike, two games won and lost. The standing of the heavy

YALE SWIMMERS SCORE.

Loss of Denniston, a Sprint Crack.

PRINCETON, March 6.-Yale won an easy to-night by the score of 35 to 18. It was the beaten the Tigers in the tank. The latter

were particularly handicapped by the absence of Denniston in the sprints and the reiay events. The Tiger record holder was declared ineligible.

The visitors had things much their own way from the start, taking the relay by almost 20 feet and the first two places in the plunge for distance and 220 yard events. The dead heat in the 50 yard between Chambers of Princeton and Howe of Yale was highly exciting.

The only first places taken by the Tigers were in the 100 yard and the fancy dive. In the former Chambers won by 4 feet. Parke of Princeton took the fancy dive after a particularly graceful performance. The water polo went to Yale by a score of 2 to 1.

Hughes, Yale, second; Stern, Princeton, third.
50 Yard Swim—Dead heat between Chambers,
Princeton, and Richards, Yale; Howe, Yale, third.
Time, 27 1-5 seconds.
220 Yard Swim—Won by Stoddard, Yale;
Palmer, Yale, second; Hazen, Princeton, third.
Time, 2 minutes 47 seconds.
Plunge for Distance—Won by Grant, Yale;
Reid, Yale, second; Woehr, Princeton, third.
Distance, 64 feet 3 inches.
100 Yard Swim—Won by Chambers, Princeton,
Howe, Yale, second; Bamman, Princeton, third.
Time, 1 minute 4 4-5 seconds.

HOCKEY PLAYERS CHAMPIONS OF CONTINENT.

Victorias of Montreal Beaten, 8 Geals to Period-Fast Skating by Both Teams, but the Canadians Were Very Tired.

By defeating the Victorias of Montreal in a hockey match last night in the St. Nicholas Skating Rink the New York of this continent. The Victorias are cham and the New York A. C. players have won

in doing so weakened their team so much that the New Yorkers were able to the the score and an extra period of five minutes was played. That period was very fast.

Castleman, Peabody and Shirreff put up a most aggressive game and scored three times while the Canadians could score only once.

It was a fast game from the start. Although both teams played viscrously there as no roughness, little tripping and not a single player was sent to the bench. The play was clever, but as a whole the contest did not impress enthusiasts as being such a single player was sent to the bench. The play was clever, but as a whole the contest did not impress enthusiasts as being such a wonderfully good one from a hockey point for yiew. The Canadians seemed tired.

They usually are when they reach this city for a game with some local team. They are also make of the thrust of the present of the present

score of the meet was 35 to 15. Columbia's athletes were in great form, especially Schoonmaker, who earned thirteen points for his team. Columbia was first in five events and tied for first in the one remaining. The summary:

Horizontal Bars-Schoonmaker, Columbia, first; Bley, Lenigh, second.

PEOPLE IN EVERY WALK OF LIFE OF ALL AGES AND BOTH SEXES

the experimental association, captured the trophy in a flight of 5,000 feet. It is possible Should Wear Heels of Live Rubber on Their Shoes

This Article Is Supplementary to an Editorial in THE NEW YORK EVENING JOURNAL

The Multitudes of Young and Old People

Suffering From Weak Insteps and Flat Foot Acquired the Trouble Wearing Leather Heel Shoes That Run Down at . the Side.

Prevention of diseases is the sublimest function of present day shape on your children's shoes.

It is good medical opinion that heels of live Rubber prevent falling of the keystone of the instep arch and cure the thousand and one symptoms, some of them most obscure, that are to-day known adult to step straight and normally.

to be caused by the giving away of that little keystone. Consult an exact drawing or an X-ray photograph of the foot, showing the normal arch and the keystone. The arch is supported they did, young people would not and the keystone kept in place by the stong muscles on the back be afflicted with weak insteps as and front of the leg. The moment these muscles commence to suffer they are. Hospital statistics prove from fatigue and lose their tone the first stage of trouble begins. that the percentage of weak ankles People whose occupations are such as to cause to become fatigued are almost sure to develop some degree of falling of the arch, unless and old people. they properly support the keystone by some substance that is springy and elastic and thus prevent over-fatigue of the leg muscles.

This is all accomplished by using the heels of live Rubber. The formation of this heel is such that it exactly supports the keystone, mature age the one-half inch heel and by making walking easy prevents fatigue of the leg muscles.

When you cannot walk as far as you used without a feeling of fatigue, or your back aches, or you have an ache at the base of your brain; or a pain in your knees, ankles, or across the top of your feet, Rubber Heels to people in active don't commence buying some patent medicine for rheumatism, but life is now an admitted fact; and buy a good, substantial shoe that is straight on the inside and wide the reason why the great leading enough at the toes-that come well up into the arch of the foot-then magazines recommend them is have a pair of live Rubber Heels put on and save yourself all the pain walking and give a noiseless, easy and trouble that are bound to accompany a case of advanced falling of stride. the arch of the foot.

On account of piracy in advertising, this short talk applies to the heels of live Rubber made by O'Sullivan Rubber Company of Lowell, Mass.

Rubber Company of it healthful, fascinating and delightful.

children wear should be equipped with long, low heels of Live Rubmedicine. Then put heels made ber instead of leather, because of live Rubber and of correct they are better than leather in every way.

1st, they make the child's play

2d, they help support the inner or weaker side of the foot.

3d, they cause the child or 4th, they prevent toeing out in walking, which is abnormal.

Leather heels won't do this. If is greater among young people than among middle aged people

On the first heeled shoes that children wear a No. 2 thickness of heel, which is 11-32 in. thick. should be used. For people of of Live Rubber should be used. because it has more wear and more elasticity.

The vaule of O'Sullivan's Live because they eliminate the jar in

The great value of Heels of Live Rubber is more than this They encourage walking, making

The name "O'SULLIVAN" on rubber is like "STERLING" on silver If your dealer can't supply you, send diagram of heel and 35c to the makers, O'SULLIVAN RUBBER HEEL CO., Lowell, Mass.

If you have not worn rubber heels, invest fifty cents in a pair, but be sure that you get "O'Sullivan's." They are the only kind made of Live Rubber. Substitutes are not made of live rubber; they are partly old ground-up rubber and partly rags. Heels of Live Rubber have the indorsement of all thoughtful people; they fit in anywhere where noise is a nuisance, where people are afflicted with weak insteps, where one has a disinclination to walk, and where the daily grind

is a thing to be met and overcome. If every bit of delicate machinery that manshock absorbers and such like to lessen the wear and tear, why should mankind place a piece of hard leather paved with iron nails beneath his heel and stamp his way along rough walks with never a thought for his own well-balanced self? To be consistent, if you put a shock absorber on your automobile to save its machinery, do as much for your own body.

When you order Rubber Heels insist upon getting "O'Sullivan's," as they are the only heels made of Live Rubber. The price of O'Sullivan's heels is 50c. of all dealers. Substitutes cost the same but give the dealer eight cents more profitproduces carries with it springs, ball bearings, that's why he tells they are just as good
